

# Parochial School Information

The Canon-McMillan School District will provide transportation to/from a parochial school within 10 miles of our district boundary. We currently transport to the following parochial schools that are *outside* of our school district. The majority of our out-of-district schools are transported by Matthews Bus Co. and DMJ Transportation.

Bishop Canevin High School  
Central Christian Academy  
Faith Christian School  
First Love Christian Academy  
Hillcrest Christian  
John F. Kennedy Catholic School  
Jubilee Christian

Lakeview Christian Academy  
Mt. Lebanon Montessori  
Our Lady of Grace  
Seton LaSalle High School  
St. Louise DeMarillac  
St. Thomas More  
Westminster Nursery School

We also transport to/from St. Patrick's school, which is within our district boundary.

- Once you've enrolled your child, your school will contact us with your information so we can set up transportation arrangements. We, or your school, will contact you with your transportation schedule. Please allow 2 to 3 days for this to be complete.
- Depending on the proximity of the schools, some of our students may ride on the same bus as students who attend other parochial schools. Currently, students who attend Central Christian Academy are transported with students who attend St. Patrick's School.

Please know that we do try to transport our students to and from school in the least amount of time possible. Students who attend a parochial school outside of the area normally do not live close to each other, sometimes being miles apart. Because of this, and the school being located outside of our school district, the routes usually are a bit longer than if they were to attend a Canon-McMillan School.
